5. Topics

a. Tourism Accommodation Levy

The updated draft of the Tourism Accommodation Levy has been included with this agenda for discussion.

b. Coastal Link Trail – Alternative Route

Hilcon Limited has presented an alternative route for the Coastal Link Trail, since the first route through the Marine Protected Area was turned down by property owners.

Hilcon is requesting Council's opinion on the proposed alternative route. The map is attached to the agenda. (Staff have inquired on the previous comment regarding the Department of Transportation and Infrastructures refusal for trail work at the proposed location, we are awaiting comment.)

c. Digital Connectivity Survey

As part of the five year "Open for Business" strategy, a digital connectivity survey was suggested to help identify areas of concern in Fundy Shores. Synergi has drafted a survey and would like to receive input from Council. Some items to consider – Are we asking the right questions? What would Council like to see for a timeline on this project, etc.

d. Presenting to Council Policy

As Council moves into the final phase of adopting the new Procedural By-Law, staff have drafted a presenting to council policy for consideration to support individuals wishing to present directly to council. The by-law covers the logistical nature of presenting to Council while the policy deals with constructive engagement and respectful communication.

e. Pocologan Property DTI Proposal

Council has received a final decision from the Department of Transportation and Infrastructure relating to the property request in Pocologan (next to the Pocologan Church). Staff want to ensure this is still a priority property for Council, and if so it will be presented to Council at April's meeting for final approval.
