Previous meeting was held in conjunction with the Recreation Committee. Minutes were taken by Recreation.

There was no correspondence noted at the time of the meeting.

Business discussed:

Hiking trails - Assessment

- Reviewed list of trails from the tourism inventory
- Discussed the attributes to capture during trail visits
- Heather to prepare a form to be used to capture the attributes
- Tim to create a Google drive for the committee to store the assessment forms
- Committee members to pick a trail and in pairs, visit the trail and do the assessment
- Comments on the more remote trails indicated that they may not be suitable at this time; so priority will be the more accessible trails captured in the inventory

The meeting was concluded July 20, 2023 at 7:00 PM.
