# FUNDY SHORES

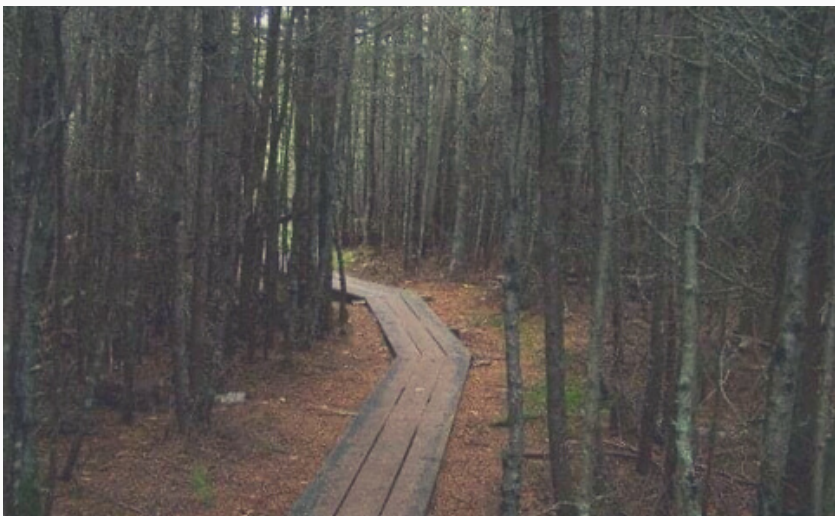

Official Newsletter from the Rural Community of Fundy Shores

## Public Engagement Sessions!

PLEASE JOIN US IN DISCUSSING OUR FUTURE NEEDS!

Public engagement sessions will be held during the month of February (dates and time listed to the right). It is Council's plan to use these sessions to help map the future of Fundy Shores. All are welcome. Please bring your ideas, hopes and dreams for the future of the community.

These are not your typical public engagement sessions, these sessions are formatted for maximum input from the Community. We look forward to seeing you there!

## Want to Make a Presentation to Council?

Contact Linda Sullivan Brown (CAO) at the Office and she can set up a date and time during the upcoming Council Meetings. Presenters will need to let Linda know the topic being discussed, how many speakers will be attending and copies of any materials being shared. We look forward to hearing from you!

## Want to Contact a Council Member

Since we are still in the early stages of setting up all the necessary IT for Council. We ask that you call the office and leave a message for us with Linda. We will return your call as soon as we can.
